**Safe and Sane Fourth**—Firecrackers  
are under the ban of the law and the  
small boy who invests in a pack-  
age and proceeds to light them is vi-  
olating the provisions of a city ordi-  
nance. The mayor and commis-  
sioners, however, have the right to grant  
permits to responsible persons desir-  
ing to shoot fireworks but, according  
to the officials, those permits are to  
be very few. The commissioners are  
in favor of a safe and sane Fourth.

**Chinese Bones**—Eighteen Chinese  
bones in the city cemetery are to  
be opened this week and the bones of  
the dead are to be shipped back to  
relatives in China for burial. Permis-  
sion was granted to Wong Lem yes-  
terday to do the opening. The custom  
is followed every ten years and is in  
line with the wishes of all Chinese to  
be buried near their ancestors. The  
bones of all the dead will be placed  
in tin-lined boxes and the expense of  
transportation to China will be met by  
the relatives.

## INSTALLATION OF OFFICERS OF I. O. O. F.

At the regular meeting of Ogden  
Lodge No. 5, the following officers  
were installed:  
W. C. Harrington, J. P. G.; Tom  
Harris, N. G.; L. E. Loran, V. G.;  
L. H. Candland, R. S. N. G.; C. T.  
Cocks, L. S. N. G.; J. T. Carter, R. S.  
V. G.; W. B. Murphy, L. S. V. G.;  
Walter Dallimore, Warden; J. F. Bun-  
tin, chaplain; E. H. Trullinger, O. S.  
G.; H. Kiesel, L. S. G.; James Oliver,  
conductor; Harry Kiesel, secretary;  
A. C. Shumaker, treasurer; James  
MacBeth, R. S. S. and Sidney Baker,  
L. S. S.

The new officers were given an ex-  
ceptionally fine address of welcome  
by Brother H. C. Wardleigh P. G. M.  
which was followed by a dainty lunch-  
eon served by the members.

## COUNTY CLERK SEC. FARRELL HAS A LARGE FORCE OFFERS HIS ASSURANCE

County Clerk Samuel C. Dye has  
extra clerks totalling the figures of  
the assessment rolls after the re-  
visions made by the board of equaliza-  
tion.

The law requires that the new to-  
tals shall be made on or before the  
first Monday in July, but Mr. Dye  
states that it will be quite impossi-  
ble to accomplish this, as the com-  
missioners delayed somewhat in fin-  
ishing their work.

As many extra clerks as can con-  
veniently work on the long columns  
of figures and descriptions are busy.  
It is said by the county clerk that  
many reductions in the valuation of  
real estate has been made and it is  
likely that, when the figures are to-  
talled, the assessed valuation of prop-  
erty this year will not be far above  
that of last year. The assessor's val-  
uations showed an increase of some-  
thing more than \$200,000 over last  
year, says Mr. Dye, but the board of  
equalization reduced the values about  
that amount.

## SECTION HOUSE ROBBERY AND ARREST

The section house at Roy was  
burglarized yesterday and a suit case,  
a suit of clothes, a gold ring and  
other valuables stolen. The culprits  
entered the house while the Greek  
section workers were away.

A description of suspicious charac-  
ters seen about Roy during the day  
was given the sheriff's office and a  
search was instituted which was  
rewarded at Farmington when the  
sheriff of Davis county arrested two  
men having in their possession a part  
of the plunder.

The Davis county sheriff states that  
he has the right men and is ready  
to turn them over to Sheriff De Vine.  
Deputies will go to Farmington this  
afternoon to take the prisoners to  
Ogden.

## SUIT IS OVER SURPLUS GROUND

Yesterday afternoon, in the district  
court, the D. H. Peery estate com-  
menced injunction proceedings against  
Rufus Ford, manager of the Ogden  
Transfer & Storage company, to set-  
tle a dispute over a little over two feet  
of ground, 301 feet long, in lot 4,  
block 25, Ogden survey.

The plaintiffs contend that the  
ground in question belongs to them,  
but that the defendant is preparing  
to use it for a new storage building.  
It is known as "surplus ground," be-  
cause of variations in the survey  
of a ten-acre block of city and the  
plaintiffs contend that they will show  
that it has been decreed to them by  
the courts.

It is said that in the survey of the  
city blocks, public and private sur-  
veys show a slight variation in di-  
stances and angles, leaving a strip of  
land in dispute.

On the pleadings, and under consid-  
eration of a sufficient bond uttered  
by the plaintiff, Judge Harris has is-  
sued a temporary restraining order  
and cited the defendant to appear in  
court July 18 and show cause why a  
permanent injunction should not be  
issued.

At the hearing on the restraining  
order the merits of the case will in all  
probability be taken up. The plain-  
tiff company wants the partition line  
bounding its north line holdings and  
the south line holdings of the defend-  
ant drawn, so that further controversy  
may be averted. The property is on  
Hudson avenue, between Twenty-  
fourth and Twenty-fifth streets.

## BIG DERRICK IS SHIFTED BY WORKMEN

Having advanced the steel frame  
work to a height that the derrick is  
not high enough to be used for the  
additional work, the forces on the Ec-  
cles building set to work this morning  
raising the heavy apparatus to a po-  
sition on the second-story level. By  
the building goes up story by story,  
it will be necessary to hoist the derrick  
from time to time.

Because of the length and weight  
of the two long poles which consti-  
tute the derrick, it is no small matter  
to change the position, but by using  
one pole to lift the other, the change  
is made.

Contractor E. H. Dundas has now  
on hand four carloads of apparatus for  
the completion of the job. The air  
compressor is being set up in anti-  
cipation of the riveting work which will  
begin on Saturday or Monday. By  
Monday the structural iron work will  
number 20 men, including the rivet-  
ers.

This administration is full of sur-  
prises, the latest being Secretary Bry-  
an's announcement that he is too  
busy to talk.—Philadelphia Press.

In a letter from Secretary W. G.  
Farrell of the Salt Lake Commercial  
club the secretary of the Ogden Pub-  
licity bureau is given assurance that  
the Salt Lake organization is backing  
up the efforts of Ogden to have the  
Indiana auto tourists take the road  
around the north end of Great Salt  
Lake.

With the invitations from the citi-  
zens of Elko, Washoe and Humboldt  
counties of Nevada and also the rec-  
ommendation of the Salt Lake people,  
that the northern route is the one to  
take, it is believed that there be but  
little difficulty in having the official  
touring itinerary of the automobilists  
changed.

Official maps showing the route to  
be taken by the 24 machines and 100  
people which left Indianapolis yes-  
terday, are now hanging in the win-  
dows of public garages throughout the  
United States and the stopping points  
each night are indicated on the maps.  
One of the maps is hanging in the  
Becraft garage and the stopping  
places will be changed daily to agree  
with telegrams received. All these  
maps, however, have the heavy black  
line describing the route, passing  
west around the south end of the  
lake to Ely, Nev.

## PLAIN STAMPS FOR PARCEL POST

It is no longer necessary to use  
parcel post stamps on packages to  
be sent by way of the parcel post  
route. Effective yesterday, the new  
ruling of the postmaster general per-  
mits the use of ordinary stamps on  
all packages.

Another ruling affecting the parcel  
transportation divides the rating on  
insured packages, providing that a 5-  
cent fee shall be sufficient for values  
to \$25 and 10-cents for values to \$50.  
Rufus Garner, assistant postmaster,  
explains that the original parcel post  
stamps were ordered used at the be-  
ginning to more easily learn the cost  
of operating the system.

## CONTRACT LET ON EMERGENCY PIPE LINE

On the recommendation of Super-  
intendent J. S. Nye of the street de-  
partment, the board of city commis-  
sioners this morning fixed the salary  
of Thomas Doxey, foreman of street  
grading, at \$2.50 a day. Mr. Nye stated  
that Mr. Doxey has been connected  
with the street department for some  
time and that he deserves a  
higher compensation.

The Wheelwright Construction com-  
pany was awarded the contract for  
laying an emergency pipe line from  
the Utah Light & Railway company's  
line to the Ogden city mains near the  
mouth of Coldwater canyon, in Ogden  
canyon. William Doyle bid \$915 and  
the Wheelwright company's bid was  
\$822.50.

The matter of adjusting assess-  
ments on property for the opening of  
Hudson avenue, between Twenty-third  
and Twenty-fourth streets, between  
C. E. Kaiser, W. H. Wright & Sons,  
F. E. Schlegel and the Standard  
company was referred to the commit-  
tee of the whole.

The collector reported that he  
had collected the sum of \$178 poll-  
tax. The report was filed as was  
the report of the city sexton.

The petition of property owners for  
the extension of water mains on  
Twenty-ninth street, east from Mon-  
roe avenue was referred to the super-  
intendent of waterworks.

## JOHN W. SALTER TO BE BURIED SUNDAY

John W. Salter died at his home,  
2746 Adams avenue at 5:45 o'clock  
last evening of Bright's disease. He  
is survived by his wife, three sons,  
Earl, Vern and Glenn, also a father,  
William D. Salter and four brothers  
and six sisters who reside here with  
the exception of Mrs. C. D. Pons of  
Boise, Idaho, who was at his bedside  
when death came.

Mr. Salter was well known as a  
musician and teacher of piano. He  
organized and conducted Salter's or-  
chestra. He was born at Bath, Eng-  
land, March 25, 1873 and came to Og-  
den with his parents at the age of  
one year, and he has resided here  
since that time.

The funeral services will be held at  
the home at 2 p. m., Sunday.

## \$5.95 Sale

There are still some remark-  
able bargains in this \$5.95  
Sale. We have taken all of  
the dresses, coats, suits  
jackets which were here last  
season and some the season  
before. Not more than one  
and two in each instance.  
Rather than have these tag  
ends in the department an-  
other season, we made one  
low price for choice of the  
entire lot. There are gar-  
ments in the lot worth to  
\$35. We admit that some  
are slightly soiled. Come  
and look them over. 2nd

to show what is being accomplished  
in Ogden schools along industrial lines.

Products of the school gardens will  
also be displayed for the edification  
of visitors to the suite of rooms ren-  
ted by Ogden for such display work.  
The walls will be covered with pho-  
tographs of schools, classes and labo-

## YOUNG MEN ARE FOUND NOT GUILTY

Matt Conroy and Jack Crosbie, the  
two local young men arrested several  
days ago on the charge of vagrancy,  
were found not guilty this morning.  
Judge Reed's court by a jury con-  
sisting of Matt Wheelwright, T. A.  
Maguire, W. R. Stowell and J. R. Wat-  
son. The jury returned a verdict af-  
ter being out 15 minutes. Judge Reed  
thereupon ordered the defendants  
discharged from custody.  
The case was hard fought on both

sides. Ten witnesses were placed on  
the stand and the trial consumed  
most of the morning.

Witnesses for the defense testified  
that both men have been working at  
their trades, while the city sought to  
prove that the two loitered about the  
streets at all hours of the day and  
night.

## ATTRACTIONS ON PURPLE DAY

A human "Chocolate Drop" is the  
latest innovation evolved by the Elks'  
Purple day committee to be added  
to their many attractions in Ogden  
canyon July Fourth. The Shupe-Wil-  
liams Candy company and Kerns  
Candy company are advertising num-  
erous sweet specialties, but the real  
"Kandy Kids" have gone there one  
better, for in addition to being hu-  
man, the "Chocolate Drop" will be  
white.

Because of their aversion to public-  
ity, the perpetrators of this "stunt"  
have declined to announce their  
names.

## HUMANE FEATURES OF MODERN WARFARE.

The British army is shortly to be  
equipped with a new type of rifle,  
possessing a considerably longer bar-

rel than the present mode, and a  
slightly decreased bore. With this  
weapon it will be possible to dis-  
charge a bullet with a very high ve-  
locity and penetrating power.

Ninety-nine people out of a hundred  
will jump to the conclusion that this  
increase of the wholesale slaughter  
and carnage that is generally sup-  
posed to be the inevitable outcome of  
modern warfare. As a matter of fact,  
this is quite a mistaken idea.

Modern weapons of war are rapidly  
developing into very humane instru-  
ments as compared with those of a  
few years ago. This tendency is not  
solely because it is not policy to cre-  
ate wholesale slaughter in present-day  
warfare.

Experts have discovered that to  
kill an enemy is far better than  
soldiers entails responsibility on the  
side that they represent, which is a  
severe handicap in a strenuous war-  
field campaign. Ambulance corps and  
in big campaigns where casual-  
ties are large the burden of taking  
care of the wounded is no small mat-  
ter.

That is one great reason why mod-  
ern weapons tend to put a man tem-  
porarily out of action and not to kill  
him. The terrific speed of a bullet  
discharged from a modern high-  
power rifle sends it, in nine cases out  
of ten, right through a man. It puts

him out but seldom kills him.—Pear-  
son's Weekly.

## SINGAPORE'S CHINESE THEATER.

Outside the Flowery Kingdom the  
Chinese theater best known to Euro-  
peans is probably that in the Chinese  
quarter at Singapore. Here tourists  
may witness a Chinese play perfor-  
med just as it would be in Peking or in  
any other Chinese city. Probably the  
piece has been running for a week  
and has not yet finished, as these  
plays often take a fortnight or even  
three weeks before the story is com-  
pleted. At this theater the plays are  
presented on a bare platform practi-  
cally without scenery. The orchestra  
occupies seats at the back of the  
stage, immediately behind the actors,  
who, to the western onlooker, appear  
to come on and walk off as they  
choose. There is no drop curtain, and  
it is difficult to tell where one act  
ends and another begins. If a man  
is slain he merely lies down for a  
little while, and then jumps up and  
walks off. The setting, however, is  
to some extent indicated by the prop-  
erties. An altar, for instance, repre-  
sents a temple; a crude bamboo rod,  
with a sign at its apex, a city; and  
a pile of chairs and tables, a moun-  
tain. An interesting fact about these  
plays is that all female parts are  
played by the men, no women being  
allowed on the stage.—Wide World  
Magazine.
